## ERGO STANDARD MODEL

The **ERGO CHAIR** provides a perfect sitting comfort due to its high resilient foam contoured seat. It drains static charges safely, continuously and passively from seated personnel when used in conjunction with conductive flooring or floor mats.

- 5 star base made of chromed aluminium with 5 conductive, soft castors
- Safety gas lift
- Gas lift height adjustment, 430 – 600 mm
- Adjustable seat height, depth and angle
- Seat and **dynamic back rest** mechanism, individually adjustable
- High quality molded foam pads for perfect comfort
- Conductive plastic back seat shell with ESD symbol
- Back seat with conductive black fabric and ESD symbol
- Standard self-breaking conductive soft castors
- GS certified
